Umme Benin Yeasmin Meem

Machine Learning Engineer

Chittagong, Bangladesh

01800000000   beninyeasmin@gmail.com

Recent graduate with a strong academic background in Machine Learning and a passion for applying theoretical knowledge to real-world problems. Eager to learn and contribute to a dynamic team, possessing foundational knowledge in Python, machine learning algorithms, and data analysis techniques. Looking for an entry-level position to gain practical experience.

Professional Experience

Machine Learning Engineer

Amazon,New York ,NY   2025-04-03 to 2025-06-26

"Developed and deployed machine learning models for [specific task, resulting in a [quantifiable achievement], such as a [percentage]% increase in [metric].", "Designed and implemented efficient data pipelines using [tools and technologies] to process and prepare large datasets for model training.", "Utilized various machine learning algorithms, including [list algorithms], to build accurate and robust predictive models.", "Performed rigorous model evaluation and selection using appropriate metrics, such as [list metrics], to ensure optimal model performance.", "Collaborated with cross-functional teams, including data scientists, engineers, and product managers, to define project requirements and deliver solutions.", "Continuously monitored and improved model performance through retraining and hyperparameter tuning, ensuring model accuracy and reliability.", "Contributed to the development of best practices and standards for machine learning model development and deployment within the team."

Education

International Islamic University Chittagong

BSc in CSE   2023-01-01 to 2026-12-31

CGPA: 3.80/4.00 | Key Courses: Machine Learning, Data Mining, Deep Learning

International Islamic University Chittagong

MSc in CSE   2027-01-06 to 2028-12-29

CGPA: 3.70/4.00 | Key Courses: Machine Learning, Data Mining, Deep Learning

Skills

Python	Scikit-learn
TensorFlow	SQL
Pandas & NumPy	Data Visualization
